- Bentley Station Meadow – a butterfly conservation nature reserve by Lynn Fomison
- Large Scale Scrub Clearance at Holmsley Mire from Former Fen by Neil A Sanderson
- Habitat translocation on the Woolmer Link Road by Neil A Sanderson

Autumn 2002

- The Flora of Magdalen Hill Down Butterfly Reserve by Phil Budd
- *Limosella aquatica* – notes on a temporary pond during 2000 to 2001 by Naomi Ewald
- Boletes in the New Forest by Naomi Ewald
- Survey News from Plantlife by Emma Pilgrim

Spring 2003

- A New Flora for the Isle of Wight by Colin Pope
- Recording for BSBI 'Local Change' in Hampshire by Tony Mundell
- VC11 Records compiled by Tony Mundell
- New VC12 Records compiled by Tony Mundell

Autumn 2003

- Herriard Park – report of AGM and field meeting, by Paul Stanley
- Hayling Island, by John Norton
- Sword leaved helleborines at Chappett's, by Clive Chatters
- Noar Hill, by Clive Chatters
- Saw Sedge *CLadium mariscus* rediscovered, by Clive Chatters
- Conifer clearance, by Clive Chatters
- Marsh clubmoss (*Lycopodiella inundata*) in the New Forest, by Andy Byfield
- Habitats of Marsh Clubmoss in the New Forest, by Neil Sanderson
- *Eriophorum gracile* refound at Holmsley, by Neil Sanderson
- Back from the grave – the rediscovery of the lichen *Bacidia subturgidula*, by Neil Sanderson
- A tale of two tetrads, by Martin Rand
- Local change news, by Pete Selby
- VC12 records, compiled by Tony Mundell
- News from a far shore – Early Gentian (*Gentianella anglica*), by Richard Grogan
- Early spider orchid (*Ophrys sphegodes*), by Richard Grogan
- Painting a picture of the Garden Isle – the Isle of Wight, by Richard Grogan
- Rare arable weeds in oil seed rape

Spring 2004

- Tribute to Peter John Selby (1946 – 2003) by Tony Mundell & Elizabeth Young
- Report of marsh clubmoss event at Woolmer Forest on 21 September 2003 by Neil Sanderson
- VC11 Records compiled by Martin Rand
- New VC12 Records compiled by Tony Mundell

Autumn 2004

- Hairy, Southern and Borrer's Woodrush – Field Recognition by Martin Rand
- Report of Visit to the Briddlesford Estate, Isle of Wight; 18 April 2004 by Martin Rand
- Narrow Leaved Lungwort by Clive Chatters
- Bransbury Common SSSI – Report of Field Meeting and AGM held on 16 May 2004 by Tony Mundell
- Upright Chickweed by Clive Chatters
- Porton Down – Report of Field Meeting held on 29 May 2004 by Tony Mundell
- Lady Orchids by Clive Chatters
- Recording Flora by Martin Rand
- Cut-leaved Germander at Micheldever Spoil Heaps by Mike Edwards
- Red-tipped Cudweed at Broomhurst Farm by Chris Hall
- VC12 Records selected by Tony Mundell
- VC11 Records collated by Martin Rand

Spring 2005

- How Many Tor-grasses are there in Hampshire by Martin Rand
- New and Interesting Lichens & Associated Fungi from Hampshire by Neil Sanderson
- Waxy Caps by Neil Sanderson
- Input of Plant Data into Mapmate by Tony Mundell & Martin Rand
- Some Additions to the Hampshire Bramble List since the Flora by David Allen
- VC11 Records compiled by Martin Rand
- VC12 Records compiled by Tony Mundell

Autumn 2005

- Exotic & Hybrid Elms in Hampshire by Martin Rand
- The New Vascular Plant Red Data List for Great Britain
- Input of Plant Data into Mapmate by Tony Mundell
- Hampshire Rare Plant Register: Site Lists for Species by Martin Rand
